FOR THE LITTLE ONES.

The Methodist Episcopal Church South
Sabbath School Christmas
Entertainment.

Tuesday evening there gathered at the Methodist Episcopal Church South, on Sonoita Avenue, a large concourse of friends of the Sabbath School pupils and their parents, to witness the Christmas Tree entertainment given by the School, and the distribution of gifts from the beautiful Christmas tree which had been prepared for the delectation of the children. Following is the program rendered:

1. Song, "Coronation—All Hail the Power of Jesus' Name." By the School.
2. Prayer. Reverend W. V. Longacre.
3. Song, "We Come With Happy Hearts," by the School.
4. Address of Welcome, by Louis Hudgin.
5. Song, "Upon the Housetops," by the Infant Class.
6. Recitation, "Christmas Has Come," by Mary McCurdy.
7. Recitation, "Little Drops of Water," by Palmer Farrer.
8. Instrumental Duet, by Jewell and Ray Smith.
9. Recitation, "The Days of the Week," by Seven Little Girls.
10. Recitation, "Christmas Time," Edward Tomlin.
11. Recitation, "A Little Bit of Holly," by Charley Jones.
12. Recitation, "The Fairy Stocking," by Ten Little Girls.
13. Song, "Glory to God in the Highest," by the School.

The presentation of the program was conducted by Reverend W. V. Longacre, assisted by Mrs. H. W. Kelsey and Mrs. Gillingham; and after it had been finished Santa Claus was introduced and superintended the distribution of the many gifts that the Christmas tree had borne for all. The children were carried away by the spirit of the occasion, and all present enjoyed the evening greatly.

Phoenix Board of Trade.

An office in Los Angeles has been maintained for about two years by the Phoenix Board of Trade. The office is doing splendid work.

It is located in the Chamber of Commerce Building, Los Angeles, and the Los Angeles Chamber has been always favorable to our plan for advertising in their section. We believe the California field is the best for our efforts.

We have a lecture every day. The subjects of the lectures are "Irrigation," and "The Salt River Valley," one day, and the next day: "Arizona for the Tourist, the Settler, and the Investor."

We maintain an exhibit of products grown in the Salt River Valley and we distributed literature from all parts of the new state.

It has been suggested that now is the time for the State of Arizona to have a bureau, and that it should be under the direction of the several boards of supervisors throughout the whole state. In this way the field that we now fill could be considerably improved and enlarged.

The present cost of the office is about \$2,500 a year. The work could be considerably increased and splendid results obtained if there was some increase in the

amount expended, and if all the counties would co-operate, the sum paid by each would not be large.

Several of the Commissioners of Immigration in various counties of Arizona have already announced themselves as favorable to the plan for an all Arizona exhibit in California.

The Maricopa County Board of Supervisors are ready to co-operate in any way which will be for the interests of the state at large.

We would like to have your suggestions on the best method to handle the bureau should it be changed to an all Arizona office and on the plan suggested. Also, we would like to have your ideas on increasing and enlarging the work.

Yours Very Truly,
VERNAR L. CLARK,
Commissioner of Immigration,
Maricopa County.
ANCIL MARKOR
President, Board of Trade,
Phoenix, Arizona.

Government Aids States Financially
(Mexican Herald.)

The federal government is now assisting the state government in their internal finances to the extent of \$732,256 a month, according to a statement given out by Minister Hernandez yesterday.

Coahuila is receiving the largest assistance of any of the states, the sum amounting to \$200,000 a month. This, however, includes the payment of state troops, many of which are now seeing service in the state of Mexico and places other than their own state.

Every attempt is being made to lessen this burden on the federal treasury without curtailing the defensive power of the states. It is partly to this end that the ranch owners and business men will be asked to raise and support volunteer forces for the protection of their properties.

The table of subsidies now being received by the states is as follows:

Aguascalientes	\$ 18,078
Campeche	18,078
Coahuila	200,000
Durango	39,000
Guanajuato	36,000
Sonora	149,000
San Luis Potosi	139,000
Oaxaca	6,000
Puebla	23,000
Zacatecas	36,000
Mexico	6,000
Guerrero	18,000
Sinaloa	33,000
Tepic	18,000

Catch the Eye of the Passer-by

Hundreds of people pass your store every evening and don't look in.

A big, powerful gas arc lamp, hung in front of your store windows, would be sure to attract their attention, and display your goods to much better advantage.

Your windows are your one best form of advertising, but they might as well be empty as poorly lighted.

Two cents will run a big 400-candle power new style, outside, inverted, gas arc lamp for one hour.

Four cents will run a big 650 candle-power, new style, outside, inverted, gas arc lamp for the same length of time.

Either one of these lights will not only catch the eye of all the people that pass your windows, but it will make them look twice at your goods, and they will remember your store as a good place to buy.

The lamps are sold on easy payments with your gas bills.

We will gladly call and talk it over with you. Phone 607.

International Gas Company.

AGRICULTURAL LANDS

on the Magdalena and Altar Rivers, Sonora.

Stock & Cattle Ranches in the Districts of Magdalena & Altar

The district watered by the Magdalena River is the best in Sonora: the greatest water shed, the greatest rainfall, and unquestionably the best climate, with an average elevation of 3000 feet. Corn in summer and grain in winter, and the best alfalfa district in Sonora.

200,000 ACRES of bottom land on the Magdalena River with ample flood waters, and pumping water at very shallow depth, with abundant mesquite fuel.

Less than 20% of the valley in cultivation today. Main trunk line railway traverses the valley. The mesa lands constitute the best grazing lands in Sonora. No tick.

Agricultural bottom lands from \$5.00 to \$25.00. Grazing land with ample water for stock, \$1.00 to \$1.50.
